## FIRST LYCEUM COURSE NUMBER TO BE GIVEN NEXT FRIDAY NIGHT

The Bertha Farner Company is the First Number on Maysville High School Lyceum Course—The Best Course in the History of the School.

The Maysville High School Lyceum Course's first number will be given on next Friday evening at the High School auditorium when the Bertha Farner Company presents an evening of high class music.

This company is made up of four superlative artists as follows:

Miss Bertha Farner, Soprano, formerly with the Tivoli Opera Co., the Mancini Opera Co., the English Grand Opera Co., and the San Carlo Grand Opera Co.

Abroad she sang with the Opera Company of Nimes, France, in concert in Paris, London, and Brussels, and before the great master, Massenet, she sang a part of "Manon." She was in France when the Great War began in 1914, and was a nurse in the hospital near the front during the first months of the war, singing to the wounded soldiers wherever she went. A young woman of exceptional personal charm, with one of the finest voices in America, whether in concert or opera circles.

Miss Martha Alexander, Violinist, an experienced artist who has mastered her instrument and plays with dramatic power and fluent technique.

Miss Ethel Murray, Cellist, a graduate of the Royal Academy, London, pupil of Joseph Mallin of Berlin, Miss Murray is an excellent artist, having filled concert engagements in Europe as well as in America.

Mr. Earl Browne, Pianist, a young man of wide experience and wonderful musicianship. An artist to his fingertips.

Many season tickets have been sold and it is expected that there will be many single admission tickets sold to this number which is unusually attractive to the lovers of music.

## INTEREST IN SWINE BREEDERS' ASSOCIATION IS DISPLAYED

Considerable interest is being displayed in the newly organized Mason County Swine Breeders Association and without requesting any to become members, many breeders have informed Secretary George Kirk that they desire to belong. It is thought that before long every swine breeder in the county will be a member.

## OVER PRESIDENT'S HEAD GOES HOUSE ON DRY BILL

President Vetoes Prohibition Enforcement Measure and House Votes It Over His Head in 3 Hours.

Washington, October 27.—President Wilson unexpectedly vetoed the prohibition enforcement bill today, and within three hours the House had repassed it over his veto by a vote of 176 to 53 or 22 votes more than the two-thirds necessary.

Dry leaders in the Senate immediately began laying plans to re-pass the bill there. They expect to ask unanimous consent for its consideration tomorrow, claiming enough votes to put it through. They expect to act on it by Wednesday at the latest.

The President refused to sign the bill because it included the enforcement of wartime prohibition.

The objects of wartime prohibition, the President said in his veto, had been satisfied, and "sound public policy makes clear the reason and necessity for its repeal."

It would not be difficult, the President held, or Congress to deal separately with the two issues.

The veto hit Congress like a crack of lightning. The House, getting on its feet again, deserted its leaders, who wanted to defer consideration until Thursday so as to round up all the dry members. But the drys swept into the chamber and showed there was an overwhelming sentiment among them to give the government ample weapons for dealing with the traffic, now outlawed throughout the land.

## BARREL OPENING THURSDAY

The Barrel Opening which is given annually by the Ladies' Missionary Society of the First Presbyterian Church will be held at 7:30 Thursday evening at the church.

Capt. Osborn will lecture in native costume and will lecture on the religion and life of India as seen and experienced by him. The public is invited.

The Missionary Society of the city and county should avail themselves of the wonderful opportunity for instruction.

## AS USUAL BAND IS HIGHLY COMPLIMENTED

As usual the Maysville Boys' Band which furnished music at the Democratic Rally Monday night came in for many high compliments. Both Senator Stanley and Mr. Daugherty paid high compliments to our musical organization of which we are so very proud.

## THROW OUT THE "BEAST OF BURDEN" SYSTEM!

Enormous losses every year are loaded onto the taxpayers of Kentucky in the Democratic mismanagement of the two State penitentiaries and the House of Reform.

In the face of these losses the Democratic State Board of Prison Commissioners renewed, for long periods, contracts with outside parties to manufacture prison-made goods to compete with free labor in the open market.

For the work of these convicts the State of Kentucky receives from 50 to 95 cents per day per man and the working day is from nine to ten hours. Think of it! The toll of able-bodied men sold for from 5 to 10 cents an hour, and in addition the State furnishes food, clothing, light, heat, power, rent, guards, etc.

Kentucky is one of the few progressive States that clings to this relic of a by-gone day.

Five of the nine candidates on the Democratic State ticket are now holding or have held State offices.

HELP CLEAN HOUSE AT FRANKFORT!

REPUBLICAN STATE CAMPAIGN COMMITTEE.

## SENATOR SPEAKS IN DEFENSE OF RECORD BEFORE LARGE CROWD

Democratic Candidate for Attorney General and Senator Stanley Spoke to Large Audience at Opera House Monday Evening.

There was a very large audience at the Washington Opera House Monday night to hear Hon. Frank E. Daugherty, Democratic nominee for Attorney General of Kentucky and United States Senator A. O. Stanley.

Attorney Frank P. O'Donnell presented Mr. Daugherty, who made a very interesting talk spending the most of his time in talking of national issues and touching only lightly on issues of direct interest to the people of the state of Kentucky in selecting state officials.

Mr. Jesse Galtner, Democratic County Campaign Chairman, presented Senator Augustus Osweley Stanley, who, after a neat compliment to the Boys' Band, stated that he was not in Maysville to defend his administration as that administration needed no defense and then proceeded to spend nearly two hours in frantically endeavoring to meet some of the charges that have been made against the Stanley-Black administration by Edwin P. Morrow and other Republican candidates.

Senator Stanley touched on the Harkness case saying that he had absolutely nothing to do with the settlement of this famous case but before he closed this topic admitted that he was present when a conference on the case was held in the State Auditor's office between the Auditor and the sheriff. He also stated that he had nothing to do with the famous contract between Louisville attorneys and the state in the famous Bingham case and before he closed this topic, admitted that upon the Attorney General's request, he employed the lawyers now handling the case.

Senator Stanley also endeavored to defend other acts of his which have been criticized but never a word said he about his broken promise to a Mason county audience when a candidate for Governor to kick out the "fire putters out" nor did he enter into a discussion of the state taxing question, two of the matters which Mason county people had hoped he would explain away.

## WED THIS EVENING

Miss Mary Byrne Parker, daughter of Mr. and Mrs. John T. Parker, and Mr. Henry Edgar Pokue, Secretary-Treasurer of the Maysville Water Company, will be quietly married at the home of the bride's parents, 14 Third street this evening at 8 o'clock by Rev. John A. Davis, pastor of the First Baptist church.

## CITY RESERVOIR IS CLEAN AS NEW PIN

Workmen who have been engaged in cleaning the city's reservoirs for the past two weeks have now completed the job and the reservoir is now as clean as a new pin. Here's hoping that the Water Company will not put off cleaning these reservoirs for another four years.

## GRAVE SENIORS TO BE ENTERTAINED THURSDAY

The first class function of the season at M. H. S. will be given on next Thursday evening when the Junior Class will be host to the Seniors at a Halloween party to be given in the auditorium of the High School building.

## KENTUCKY DISTILLERS WIN VICTORY IN THE FEDERAL COURT

Judge Evans at Louisville Holds That Liquor Can Be Taken Out of Hand—Western Kentucky Only Affected.

Louisville, Ky., October 28.—Liquor interests of the country scored a decisive victory in federal court yesterday when Judge Walter Evans granted a final injunction preventing the collector of internal revenue from interfering with the removal of bonded whiskey from warehouses and rendered a decision in favor of the Kentucky Distilleries and Warehouse Companies which petitioned the court to declare war-time prohibition void.

The record will be printed tomorrow. The government has stipulated that the record may be filed at once in the Supreme Court and that a motion will be made there immediately to advance the case for hearing some time this month.

During the closing argument of William Marshall Bullitt, of counsel for the plaintiff, it was announced that President Wilson had vetoed the Volstead prohibition bill.

"I have been expecting this right along," said Judge Evans.

"A motion that the suit be dismissed was filed by government attorneys, but was overruled. Judge Evans then granted the plaintiff a permanent injunction restraining Internal Revenue Collector Elwood Hamilton from keeping holders of whiskey now in bond, from taking their holdings from warehouses.

A direct appeal was taken to the United States Supreme Court.

"We should have a decision from the higher court very soon," said Mr. Mayer. "Judge Evans has declared that we are right in our prayers that the war-time prohibition act is void."

"While his decision applies only to the Western district of Kentucky it is a decisive victory for the distillers. Of course the appeal of the government of a review of the case by the United States Supreme Court acts as a stay in preventing the removal of the particular 534 barrels of whiskey from the warehouse which is involved in the suit."

Contractors are making much progress in preparing the Peacor Building for occupancy by the Maysville Sulfur and Dry Goods Company. Many alterations are being made and the building will make a splendid sales room for this company.

## MAYSVILLE BOY IS IN BAO IN CINCINNATI

They were arrested by Detectives Genter and Bernhardt at the Seventh street address. The girl produced a marriage license to wed Benjamin F. Shear, and the officers testified that she told them that Minton was Shear, her husband. The girl said that her husband had provided well for her.

## BLUE BLOODED SWINE WILL BE OFFERED AT SALE HERE

County Agent Is Assured of a Large Number of Pure Bred Animals For Big Sale in November.

County Agent George Kirk announced this afternoon that early indications were that the big pure bred swine sale to be held here during the first of next month would be a great success in that many pure bred animals would be on display and would be offered for sale.

Until this sale was announced, it was not known that there were so many pure bred animals in Mason county. It develops that there will be some swine offered for sale here at the big Mason county sale whose grand sire brought the enormous sum of \$10,000.

Pure bred Poland China and Duroc swine will both be offered for sale and buyers from all parts of this and adjoining counties have been invited and are expected to attend.

## ARMY THUGS HUSY

Washington, October 27. — Graphic details of the operations of the Martin-Rockwell Loading Company, at government expense, of that company's employment as policemen of New York and Philadelphia gunmen, who "maintained order my day and practiced highway robbery on the workmen at night," and of the mysterious influence which the company exercised with the Ordnance Department, were told to the House committee investigating ordnance expenditures by Major William B. Gray, who served in the War Department throughout the war.

After describing in detail the constant and bitter struggle he had with the Martin-Rockwell company, in his efforts to check gross extravagance and protect the government's interests, Major Gray testified that members of the company came to Washington and procured his recall.

### BOYS' DEVELOPMENT IS ONE BIG PROBLEM

Development of Lads Living in Small Towns to Be Discussed at Big Conference.

Chicago, Ill., October 27. — With more than two-thirds of the boys of America living in towns of 5,000 or less, the problem of their development is a big one. It will be one of the topics of discussion at the forthcoming fortieth international convention of the Young Men's Christian Association to be held November 19 to 23 in Detroit, Michigan.

Among a number of prominent men who have been invited to be present at this discussion is A. A. Hyde of Wichita. Others will include Col. C. D. Owsley, Assistant Secretary of Agriculture, President Keyon L. Dutterfield of the Massachusetts Agricultural College, Clarence P. Dodge of Colorado Springs, Colo., and others.

The County Y. M. C. A. has shown a growth of seventy-five per cent. but the need for more extensive work is pressing. As summarized by President Butterfield, the County Y. M. C. A. not only supplements the home, the school, the church, the grange, and the country demonstration work, but it helps these institutions into a larger activity for themselves in order that they may reach young men and boys more adequately.

### BRACKEN COUNTY GIRL TAKES LIFE IN CYNTHIANA

Cynthiana, Ky., October 27.—Miss Celeste Haley, 20 years old committed suicide Saturday morning by drinking carbolic acid at the home of Mrs. Irene Withers, where she has been boarding for several weeks.

Miss Haley's home is in Bracken county and she came here to be under the care of physicians. A note stated that ill health was the cause of her act. She emptied a two ounce bottle of the acid in a tea cup and drank the entire contents.

Miss Haley is a sister of Doctor Haley, Brooksville, and Cleveland Haley, of this county. The body was taken to the home of her parents Saturday after Dave Rees, coroner had held an inquest.

Secretary of State Lewis has just approved the amended articles of incorporation of the Maysville Lumber Company increasing the capital stock of that company from \$5,000 to \$15,000.

## AID MAIMED WORKERS IS REPUBLICAN PLEA

Fess Bill Granting Millions For Cure  
of 800,000 Crippled Is Passed.

Washington, October 27.—In accordance with its promises and the spirit of the times, the Republicans of the House, led by Representative Simon D. Fess, of Ohio, chairman of the Committee on Education, have discussed and passed a bill providing for the rehabilitation of those crippled in industry.

"The value of this sort of work is hardly questioned," Dr. Fess told the House. "We've readily taken to the rehabilitation of the soldiers. There was little opposition to that. Yet there are more crippled in industry every year. If all injured are included, than the crippled in the military service. A careful investigation was made by the Federal Government and the report is to the effect that there are 22,500 total disabilities resulting from such injuries every year. If we take the total number of those who suffer from both total and slight disability it will approach very close to 300,000 a year. It is stated that a man's life in activity is something like twenty years. So taking the average of the age of those crippled, it would seem that it occurs along between twenty and thirty. So it will be seen what a loss this disability is to the country, and what an advantage it would be if the government could take that same group and thru their rehabilitation put them on their feet as self-supporting."

It is provided in the bill that Congress shall appropriate \$500,000 for the purpose of rehabilitation, in cooperation with the States, for the first year, \$750,000 for the second year, and \$1,000,000 for the third year and thereafter. For every dollar expended by the Federal Government, at least an equal amount is to be expended by the State governments.

"No right-minded person will, I am sure, fail to sympathize with the objects and purposes of this legislation," said Majority Leader Mondell. "The views of a great many people have undergone a change in the past few years relative to the responsibility of organized society to the helpless and unfortunate. More and more the world is coming to realize the duty of society as a whole to look after the weak. More important than the money appropriated in this bill is the fact that the national government realizes the importance of saving industrial cripples from lives of despair and dependence, of placing them in the way of self-help, and restoring them to a condition enabling them to do their share in the world's work."

On all the great lakes of China are found floating islands, which are enormous rafts of bamboo overlaid with earth, and bearing on the surface of the water reedy houses and gardens. They are in fact aquatic farms, bearing crops of rice and vegetables.

## "A SPLENDID TONIC"

Says Hixson Lady Who, On Doctor's Advice, Took Cardui  
And Is Now Well.

Hixson, Tenn.—"About 10 years ago I was..." says Mrs. J. B. Gadd, of this place. "I suffered with a pain in my left side, could not sleep at night with this pain, always in the left side..."

My doctor told me to use Cardui. I took one bottle, which helped me and after my bottle came, I was stronger and better, but the pain was still there.

I at first let it go, but began to get weak and in a run-down condition, so I decided to try some more Cardui, which I did.

This last Cardui which I took made me much better. In fact, cured me. I have been a number of years, still I have no return of this trouble.

I feel it was Cardui that cured me, and I recommend it as a splendid female tonic.

Don't allow yourself to become weak and run-down from womanly troubles. Take Cardui. It should surely help you, as it has so many thousands of other women in the past 40 years. ## IN THE DAY'S NEWS

Joseph W. Miller, who enters upon his eightieth year today, is a former governor of Illinois and a man widely known in Grand Army circles. A native of Virginia, the future governor moved with his parents to McLean county, Illinois, in 1857. In 1861 he enlisted as a private in the Thirty-third Illinois Infantry, and in the assault on Jackson, Miss., in 1863, a minute half passed entirely through his body. After the war he entered Wesleyan University at Bloomington, and graduated in 1868. The following year he was admitted to the bar, and in 1871 was elected corporation counsel of Bloomington. Later he served two terms as State's attorney, and thereafter four years in the State senate. In 1888 he was elected governor of Illinois on the Republican ticket, and secured the nomination again in 1894, but was defeated by Mr. Altgeld.

## TIME IS THE TEST

The Testimony of Maysville People Stands the Test.

The test of time is what tells the tale. The public soon finds out when misrepresentations are made, and merit alone will stand the test of time. Maysville people appreciate merit, and many months ago local citizens publicly endorsed Doan's Kidney Pills; they do so still. Would a citizen make the statement which follows unless convinced that the article was just as represented? Below is testimony such as the sufferer from kidney life is looking for.

Henry S. Gallenstein, blacksmith, 224 W. Third St. Maysville, says: "My kidneys were out of order and I had pains through my back. Doan's Kidney Pills put an entire stop to the pains and my kidneys became well." (Statement given January 9, 1912.)

RESULTS THAT REMAIN  
Over four years later, or on November 14, 1916, Mr. Gallenstein said: "I haven't had any need of a kidney medicine since I last recommended Doan's Kidney Pills. The benefit they gave me has been permanent."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Gallenstein had. Foster-Milburn Co., Mfgs., Buffalo, N. Y.

100 ACRES OF ONE OF MASON COUNTY'S WELL IMPROVED FARMS.

It is the M. M. and Chas. E. Rhodes farm (formerly the Alexander farm) located on the Maysville, Flemingsburg and Mt. Sterling pike; 7 miles south of Maysville and 10 miles from Flemingsburg, within a mile of Marshall Station on the L. & N. Railroad. This farm has a frontage on the above named pike and runs back to a cross pike, therefore is bounded on two sides by turnpikes. The improvements consist of a 7-room frame house, tenant house, good stock barn, large tobacco barn, fencing better than is found on the average farm. Plenty of water any kind of a season.

Improvements all in good repair, and farm is ready for occupation and to work without the expenditure of a lot of money. It is a very unusual thing of late years to have a farm of this class offered at public sale in this county, but the present owners are too far from it to give it their personal attention, and for that reason are selling. Liberal terms, which will be announced on day of sale, will be given. Possession March 1st, 1920.

## TEN ARE DROWNED WHEN SHIP UPSETS

Wave Crashes Lake Vessel Against Pier at Muskegon, Mich., Early This Morning.

Muskegon, Mich., October 28.—Ten persons were reported drowned today when the lake steamer City of Muskegon was blown into a pier one mile off shore and partially wrecked. Seven bodies were recovered.

The vessel went down at 4:30 a. m. Wallowing along in a heavy sea, the old boat attempted to pass in between the two piers extending one mile out into the lake.

A great wave caught her at the entrance to the passage and dashed her bowsprit against the south pier. Timbers were smashed to splinters. Passengers poured to the upper decks and were transferred to the slippery pier by Captain Edward Miller and members of the crew.

Another wave swept the boat back from the pier and she sank in 10 minutes. In the darkness and confusion a count of passengers was attempted. Twenty were unaccounted for, but one of these was believed to have climbed back to the pier after being thrown into the water when the boat was washed away from the structure.

## ADOPTION OF DRY AMENDMENT IS NECESSARY

Says Mason County Dry Leaders in Regard to State Constitutional Amendment.

The Mason County Dry Committee issues the following statement: One of the amendments to the Constitution to be voted on next Tuesday gives to the Legislature power to make a new law for removing unworthy and inefficient men from office. As the Constitution now stands the only way to remove a man from office is by the courts. If this amendment is adopted the Legislature can and will make a law by which the people by vote can recall a man, that is, vote him out as well as vote him in. Many states have this law, and use it to get rid of worthless officers.

Some persons think that because we have an amendment to the Constitution of the United States we do not need an amendment to the Constitution of Kentucky. This is a mistaken view. We need this amendment so that our legislature may make laws to enforce prohibition. Much enforcement legislation will be needed to make prohibition effective. We all know that many people are ready to sell their honor in order to sell liquor and every means possible must be employed to hinder them. This amendment is on the regular ballot. The Prohibition Amendment is on a separate ballot.

Remember the appointments for Wednesday, the 29th for the "dry" speakers. Bethel M. E. Church, Rev. W. H. Morris; Bethany Christian Church, Rev. W. D. Welburn; Plumville Christian Church, Rev. A. F. Stahl. Time 7:30 p. m.

**Cataract Deafness Cannot Be Cured** by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure catarrh of the ears, and that is by a constitutional remedy. Catarrh of the ears is caused by an inflamed condition of the mucous lining of the Eustachian tube. When this tube is inflamed you have a running sound or imperfect hearing, and when it is entirely closed, deafness is the result. Unless the inflammation can be reduced and this tube restored to its normal condition, hearing will be destroyed forever. Many cases of deafness are caused by catarrh, which is an inflamed condition of the mucous surfaces. Hall's Catarrh Medicine acts through the blood on the mucous surfaces of the system. We will give One Hundred Dollars for any case of Catarrh of the ears that cannot be cured by Hall's Catarrh Medicine. Circulars free. All Druggists. 25c. E. J. CHURNEY & CO., Toledo, O.

## BIG MUSICAL HIT AT THE WASHINGTON ON NEXT FRIDAY NIGHT

"Come Along" in Which There Are Many Musical Comedy Stars to Be Seen, Is Here This Week.

It will be welcome news to theatergoers of Maysville to know that Manager Russell has booked for the Opera House one of the New York successes which is the musical comedy "Come Along" which will come along on Friday of this week October 31, for one night's engagement.

The piece enjoyed a prosperous run at the Nora Hayes theater, Broadway and 44th streets and the New York critics liked it. The New York public went, to see it too and many of them returned the second time and for good reason for first and foremost the book and lyrics are written by no less a personage than Blaise Dudley, the humorist, of the New Evening World, whose special columns of wit and snappy sayings are read far and wide and this in itself is a guarantee that the comedy will be one series of laughs from curtain to curtain.

The musical numbers are of the whistling sort that linger in the memory after the show is over and are melodious, tuneful and catchy while the chorus—well you'll simply fall in love with the attractive girls which is one of the most pleasing features of "Come Along." Dancing ability and good looks are paired up on a fifty-fifty basis in the personnel of the chorus and "pep" that necessary attribute for a successful snappy musical show is there in "bunches" in all the numbers in which the girls take part.

The production comes to Maysville and span, the costume being the same kind that had the approval of New York audiences while the special scenic sets and electrical effects form a pleasing background for the ensembles and the colorful dresses which are displayed.

Burns Mantle, the well known critic, said of "Come Along" "The comedy is the music agreeable, and well scored and "Come Along" will grow in favor as it goes along" and Maysville audiences who like bright clean up to the minute musical shows will appreciate this production.

Seats now selling at Shuler & Watkins and its never wise to wait in the matter of reservations as good seats go rapidly so after this tip if you miss seeing "Come Along" on Friday from your favorite location you will have only yourself to blame.

## SEND IN YOUR DONATION FOR THE ARMENIANS

There are many homes in Mason county, no doubt, that have not been visited by the ladies who are collecting worn and new clothing for the destitute Armenians and Syrians, on account of the rainy weather. Let such persons bundle up what they may have to donate and leave them at Mr. Joseph Dodson's business house, corner of Wall and Second streets. To save human life one can afford to make a special trip from a remote part of the county, and that is what it means. Must have them by Saturday or Monday at farthest.

## JURY OF "LOVE"

Cleveland, Ohio, October 28. — A "love" jury, composed entirely of women, was selected today to try Mrs. Goldie Drossos, who asserted "only a woman can understand some things in love."

She was arrested for leaving her husband in Columbus and coming to Cleveland with John C. Buttery, 26, a window trimmer, of Albany, Alabama. When arraigned before Judge Sawicki and asked to give the reason for her alleged desertion and new alliance, she asked for a jury of women.

"A man couldn't understand," she said.

"Very well," said the court, "I'll give you a jury of women."

Or a Well Improved, Well Located Small Farm  
THURSDAY, OCTOBER 30th  
At 10 O'clock

Mr. John W. Wilson, having bought a much larger farm, has authorized us to offer to the highest bidder his small farm of 62 acres, located right in the town of Rectortville. On this farm there is a six-room frame house, tobacco barn, cream station, and the usual outbuildings that go to make up a well improved small farm. The larger portion of the farm is in grass, much of which is blue grass.
